est heureuse d'annoncer la parution du livre

**L'Accès à l'égalité dans les universités**

sous la direction de Denise Piché et de Carolle Simard

Depuis 1986, les PAE en emploi pour les femmes font l'objet d'une importante intervention gouvernementale dans divers milieux de travail. Revendiqués par les femmes elles-mêmes et par de nombreux groupes de pression parce que censés modifier la structure sexuelle du travail, les PAE sont à l'ordre du jour. Leur implantation et leur évolution demeurent le défi qu'auront à relever au cours des prochaines années tous les acteurs concernés; les employeurs, les syndicats, les hommes et les femmes.

En analysant la situation des professeures d'université et en la comparant à celle d'autres femmes dans différents milieux de travail, des syndicalistes, des militantes, des universitaires, des administratrices tentent de répondre à ces questions. Quelles orientations le gouvernement a-t-il retenues dans ses programmes cadres? Quelle est la place des syndicats dans la promotion de l'égalité?

Les auteur/e/s se questionnent non seulement sur les PAE, mais également sur l'ordre du pouvoir tel qu'inscrit dans les organisations. C'est si et seulement si elles y parviennent que les PAE constitueront un acquis pour les femmes.

## INVITATION

We are delighted to invite you to participate in the Fourth International Interdisciplinary Congress on Women (IICW), to be held at Hunter College (CUNY) from June 3-7, 1990.

## CONGRESS HISTORY AND AIMS

The IICW is held every three years. Its aim is to bring together scholars and practitioners from a wide range of disciplines and areas of expertise, to share insights, experiences and research, and to explore issues of importance to women throughout the world.

The First Congress, on the theme "Women's Worlds: The New Scholarship," was held at the University of Haifa, Israel, in December 1981. The University of Groningen, The Netherlands, was the setting for the Second Congress in April 1984 under the theme "Strategies for Empowerment." At the Third Congress in July 1987 at Trinity College in Dublin, Ireland, participants celebrated the theme of "Visions and Revisions." Since the first Congress, participation has more than doubled, from 600 in Haifa to over 1200 in Dublin.

## WOMEN'S WORLDS 1990: REALITIES AND CHOICES

We have chosen the theme Women's Realities, Women's Choices for the 1990 Congress so that participants can explore women's realities and choices as they intersect with analysis, research, theory, and action. The Congress invites work on women in all fields.

## CALL FOR PROPOSALS

Proposal submissions may be group or individual presentations. The Congress particularly encourages

submissions that represent cross-cultural and/or interdisciplinary perspectives relating to the theme, Women's Realities, Women's Choices. We urge presentations that explore commonalities and differences and encourage dialogue between scholars and activists. Participants should seek to address the interrelationships of gender, race, ethnicity, class, sexual orientation, and age.
